**Sacramento Area Chapter  
Excellence in Promoting the Value of Certification**

The Sacramento Area Chapter of AACN (Sac AACN) has a long-standing history of promoting certification in the Sacramento region. Currently, our chapter has a 58% certification rate. Since the pandemic, our chapter has had to come up with creative ways to keep certification at the forefront. Many challenges have come with the changing times related to information technology, staffing needs for hospitals and personal education preferences. Based on responses from our membership survey this year, we are offering a live and virtual CSC/CMC review course instead of our annual CCRN review. In 2024, Sac AACN will be celebrating its 50th year as a chapter, and we are planning on a dual anniversary and certification celebration event. We will continue to rise together and lift each other up along our certification journey.
