

March 25, 2021

Xavier Becerra  
Secretary  
Department of Health and Human Services  
200 Independence Ave. S.W.  
Washington, DC 20201

Dear Secretary Becerra,

On behalf of the [Nursing Community Coalition \(NCC\)](#), which includes [63 member organizations](#), we congratulate you on your confirmation as Secretary of the U.S. Department of Health and Human Services (HHS) and welcome the opportunity to meet and discuss shared goals, especially during these unprecedented times. The NCC represents a cross section of education, practice, research, and regulation within the nursing profession and believes that the healthcare delivery system should be one that promotes wellness, advances research through scientific discovery, and provides timely access to care across the life continuum. We are proud to continue our work with HHS, especially as nurses, Advanced Practice Registered Nurses (APRNs)<sup>1</sup>, nursing students, and nurse leaders represent the largest segment of the healthcare workforce.

During the ongoing COVID-19 pandemic, as with every public health crisis this country has faced, nurses and APRNs are the experts leading at the frontlines of the healthcare response. For years, our coalition has worked with HHS, along with various agencies within the Department, to bolster key programs, such as the Title VIII Nursing Workforce Development Programs, and support provider education and training with the goal of ultimately increasing access to high-quality care. We recognize that our students, nurses, and APRNs are an integral link to all aspects of that care, no matter if it is in remote rural areas or large urban cities. Ensuring the health care of our communities across the country is crucial. That is why we have supported various initiatives to remove barriers to practice, encourage innovation, increase flexibility in telehealth provisions, coverage, and reimbursement, and extend, or make permanent, waivers issued during this public health emergency.

The unique partnership the NCC has created allows our national nursing organizations to unite on shared priorities and promote America's health through the nursing lens. We stand

---

<sup>1</sup> APRNs include certified nurse-midwives (CNMs), certified registered nurse anesthetists (CRNAs), clinical nurse specialists (CNSs) and nurse practitioners (NPs).

ready to work with you, as head of the U.S. Department of Health and Human Services, as we combat COVID-19, preserve critical advancements, and support the health of our nation. If the Nursing Community Coalition can be of any assistance to you or your staff, and to set up a meeting to discuss shared goals, please do not hesitate to contact the coalition's Executive Director, Rachel Stevenson, at [rstevenson@thenursingcommunity.org](mailto:rstevenson@thenursingcommunity.org) or at 202-463-6930, ext. 271.

Sincerely,
